Bank details UBS SA – IBAN CH11 0021 52.1519882201Y BIC UBSWCHZH80A School fees are in Swiss Francs						

School fees include: tuition, introduction to French, organic lunches “fourchette verte” label, snacks, stationary, art & craft supplies, books, baking, music & movement groups and various outings.

As a private school, we do not benefit from any state aid or subsidy. The school's operating costs are financed by tuition fees only. The fees for children under mandatory school age are marginally higher – this adjustment is associated with an important benefit for parents within this category, as the school fees are deductible from taxes, providing you with a valuable financial advantage.

As a gesture of appreciation for your fidelity, we have implemented a progressive fee reduction system. There is a gradual decrease in school fees as your child progresses through their educational journey with us. This initiative is designed to acknowledge and reward the loyalty of families who choose to stay with us for the three year program we offer.
